When off-campus, you can set Google Scholar to show if Miami University Libraries already has full-text access to the article:

1. Go to http://scholar.google.com

2. Choose "Settings"

3. Choose "Library Links"

4. Then enter "Miami University Libraries" and check the box next to Miami University Libraries – Find It @MiamiOH (then "Save").

5. Then click the "Find It @MiamiOH" next to articles that interest you to see MU's online holdings.
